IT SEEMS IT IS A FINALITY

That Railroad Will be Built From Madisonville, Says Hustler.

It seems all but an assured fact that the construction of the railroad from Madisonville to Cloverport is a finality, says the Madisonville Hustler.

At a meeting of the Commercial Club held Monday night, President Holman, who has been the active promoter of the proposed railroad at this end of the line, informed the public that practically all the right of way had been secured from Madisonville to Green river, but that some gaps between Madisonville and Pond River and right of way and terminal facilities in the city of Madisonville which would involve some considerable expense, were yet to be secured and offered to the company proposing to construct the road in a tangible way. He reported that a meeting was to be held to determine finally what should be done on or about the 27th of June and that he hoped to be able to guarantee the right of way to Pond River and terminals in Madisonville at that time.

It was agreed that a committee be appointed for the purpose of trying to get 100 business men and citizens of Madisonville to agree to pay \$100 each for the purpose of guaranteeing the right of way and terminals, but the entire amount not to be used unless necessary. This was deemed the best plan of procedure in order to enable Mr. Holman to offer the railroad people the guarantee they asked and to take no chances on the road going somewhere else.

This paper was circulated Tuesday and Wednesday and was liberally signed and there is no doubt that the necessary amount will be guaranteed.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease as that of C. F. Collier, of Cheshire, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Short & Hayes, druggists; price 5c."

Children's Day Exercises.

The Children's Day exercises at the Presbyterian church Sunday morning were attended and thoroughly enjoyed by an audience that filled the church. The exercises began at 10:30 o'clock.

The program was attractively decorated with flowers. The program, which was well rendered, was as follows:

All-Day Meeting.

There will be an all-day meeting at Norton's Valley church Thursday, July 4. Dinner on the grounds. Everybody invited.

Catarrh

Is a constitutional disease.

It originates in a scrofulous condition of the blood and depends on that condition.

It often causes headache and dizziness, impairs the memory, and hinders the body from the vocal organs, disturbing the stomach.

It is always radically and permanently cured by the blood-purifying, alterative and curative action of

Hood's Sarsaparilla

This wonderful medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

Hood's Pillies are the best catarrh.

"COWHEEL" HAS A FLOOD.

Rain Monday Heaviest Ever—Waters Covers Block After Block.

For one hour the heaviest rain ever known in "Cowheel" fell Monday evening, covering streets, gardens and yards, in some places to a depth of several feet, in that part of town. Pedestrianism was a very difficult and dangerous task after the rain, the streets and sidewalks running with water, which deposited a thick sediment of yellow, treacherous mud. Yesterday morning the yards in block after block south of Railroad street and several north made a very unpleasant appearance, the lawns having been covered by mud and discolored by muddy water. The main damage was to gardens, many of which were completely submerged. The thunderstorms that accompanied the rain was very violent but there was little wind.

The streams of water that ran through the streets must have averaged at least a foot in depth, though mud clogging, yesterday morning, trees and fences indicated that it was two feet and more in some of the lower places. Their size was greatly increased by the water which swept down the schoolhouse hill. Large stones and logs, one known to be over a foot in diameter, were caught in the flood and carried for one or more blocks, and ditched were washed in the streets. The water stood so high in several yards that it entered the residences of Thos. Brown and Bud Carter and the blacksmith shop of Mrs. Bohler, the last to a depth of eight or ten inches.

Many residents of the flooded part of town were attending the performance at Swallow & Markle's floating palace during the rain and were in a state of great anxiety as to the condition they would find things when they would return home.

Interesting Baseball Game.
One of the snappiest and most interesting games of baseball ever seen on the Tobinsport grounds was played Sunday afternoon between the "Ponies," of Cannetton, and the "Pnuk Hollers," of Tobinsport. The score resulting in 5 to 2, in favor of the former team. The Tobinsport team put up a fine game but seemed to be outclassed by Cannetton. About 500 people, it is estimated, were in attendance.

Two features of the game were the strong work of Cannetton's deaf and dumb battery and the remarkable playing of Floyd Whitehead. The sign work of Gatton and Keys, the mutes, was as effective and interesting as their playing. Whitehead outbatted many of the other players, though it was his first game and he was the youngest of the Tobinsport's team.

Cannetton made one score in the second inning, two in the fourth and two in the fifth. Tobinsport one in the ninth and one in the sixth. Two base hits were the best ones made, Keys and Esarey getting them.

Tobinsport's line-up was as follows: Sanders, c.; Collier, p.; Polk, ss.; Evans, lb.; Powell, cr.; Whitehead; H. Cannetton's line-up: Gatton, c.; Keys, b.; Irvin, b.; Huber, 2b.; Seeger, 3b.; Wilson, r.; Zimmerman, cf.; Wittmer, ss.; Cummings, lf.

Cannetton and Tobinsport will play two games at Cannetton July 4.

Washout Delays Train.

Hardinsburg, Ky., June 27.—(Special)—The train due here at 6:45 o'clock did not arrive today until about 1 o'clock. The delay was due to a washout below Rockvale, which was caused by the heavy rain Monday night.

Heavy Rains in County Monday.

A heavy rain fell over the county Monday, doing some damage to crops. In Hancock county, considerable damage was done to houses and barns, it is reported.

FARMERS MEET AT IRVINGTON TO SET PRICE ON WHEAT; WILL ASK ONE DOLLAR AND PERHAPS MORE.

Farmers of Irvington and the vicinity met Saturday for the purpose of coming to a decision on the price at which they will dispose of their 1905 wheat crop. A price was not set at this meeting, but the secretary, W. H. Cain, Jr., was instructed to write to A. E. Everett, national president of the American Society of Equity, and get his advice upon the matter and report at a meeting of the Belewville local union, A. S. of E., next Saturday, when arrangements are to be made for an old-fashioned farmers' picnic, under the auspices of the A. S. of E., sometime this summer. "The general sentiment of the meeting was that no one should sell a bushel of wheat for less than one dollar," and many of those present said they would not take as low as one dollar. Speeches were made by Dr. P. W. Foote, W. H. Cain, Albert Ashcraft and others. The words of the speakers and the meeting itself showed a most progressive spirit on the part of the farmers and a determination to get and give a "square deal."

Following is an account of the meeting furnished the News by the secretary.

Irvington, Ky., June 25.
At a called meeting of the farmers of Irvington and the surrounding community Saturday in connection with the Society of Equity and for the purpose of taking some action as to the disposal of the present crop of wheat, Samuel Dowell was chosen president and W. H. Cain, Jr., secretary. After organization, calls for Dr. P. W. Foote brought that gentleman to his office and he proceeded to address the meeting. He said he did not wish to confine himself to the wheat crop but would talk on some of the principles and possibilities for farmers of the American Society of Equity. He said the farmer is the only man who worked day after day and yet some other man set the price. He said he, as a physician, set his price on his work, and all other trades, professions and occupations did likewise. He strongly urged the farmers to get organized and in shape to

put their own price on what they produce and hold until they get it. The wheat is now in the farmer's hands and they need not let it go until they get their price. After saying many other good things he finished by urging farmers to organize.

On request of Mr. Ashcraft, W. H. Cain addressed the meeting in regard to the Society and told how its teachings had saved so many thousands of dollars to southern planters by inducing them to hold their cotton.

After discussion as to what price should be set upon wheat, Squire C. H. Drury moved that the farmers wait until President Everett of the A. S. of E., could be heard from, before fixing any price, and accordingly the secretary was ordered to correspond with him and report at meeting to be held with Belewville union next Saturday, to which meeting all farmers are cordially and earnestly invited, a plan is to be formulated and arrangements made for a genuine old-fashioned farmers' picnic, sometime in the near future. Albert Ashcraft then addressed the meeting, saying new wheat it now selling at many points for more than \$1.00, that the mills are all now empty, and urged the farmers to hold for a better price than is now being offered.

The general sentiment at the meeting was that no one should sell a bushel of wheat for less than one dollar, and many said they would not take \$1.00 today; that we wheat

should be disposed of in any mill until price is set and obtained, and that farmers purchase their own sacks and prepare to keep wheat at home and sell only as the market would take it at the farmer's price.

All farmers of Kentucky and America are invited to adopt some plan. Put an equitable price on your wheat and hold until you get it. It is bound to come.

On motion of E. Muntord, sicks were ordered and E. H. Sherman was chosen agent to buy same.

Many others took part in discussions and, best of all, eight new members were added to our society.

W. H. Cain, Jr., Sec'y.

Creditable Performance.
Hardinsburg, Ky., June 27.—(Special)—The marriage of Miss Lillie Scott to the Rev. D. F. Shacklett, of Meade county, occurred at the residence of Mr. and Mrs. Ed G. Beard, 903 Third street, Louisville, at 3:30 o'clock, last Wednesday afternoon. The Rev. Dr. W. W. Hamilton, pastor of the McMinn Memorial church, said, impressively, the beautiful ceremony which united their lives. Only a few of the relatives and immediate friends of the contracting parties were present at the wedding. They left Louisville on the afternoon train for Evans, where they will reside. The bride is the eldest daughter of the late Major Horace Scott, and formerly lived here, where she enjoyed the friendship of all.

The Rev. Shacklett is a prominent minister of the Baptist denomination, who has acquired an enviable reputation as a preacher and pastor.

Quality vs. Quantity.
Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system, overcomes and cures Indigestion, Diapepsia, Belching, Sour Stomach, etc. Kodol Dyspepsia Cure for what is sometimes called "American" pain and disease, has been tested to actually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by all Druggists.

Hopkinsville, Ky., June 7, 1901.
This is to certify that I was troubled with kidney and bladder disease for many years, and was unable to work. Here I went to the Texas Wonder, Hall's Great Discovery, which has given me positive relief, and I think a permanent cure.

Jas. M. Hopkins.

A TEXAS WONDER
One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women; regulates bladder trouble in children. If not sold by your druggist it will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. Box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

St. Roanald's Commencement.
Hardinsburg, Ky., June 27.—(Special)—The commencement of St. Roanald's Academy was held at the opera house Wednesday evening. The house was crowded to the doors. The program was good and was well received. Mr. Morris Eskridge delivered a very appropriate address, at the conclusion of the program, and them Father Gabe delivered the prizes to the pupils.

ARE TO HAVE A CONVENTION.

Republicans Meet July 24 to Nominate Men For County Offices.

Hardinsburg, Ky., June 27.—(Special)—The Republican County Committee with the members present expect to meet here Monday morning at the court house. An organization was effected, with Joe H. Pitts as chairman and Miss Lena Mattingly as secretary. An even hundred teachers were enrolled, the best attendance ever had on the first day of an institute. Then Prof. Charles A. Evans made a splendid introductory address, outlining the work of the week. He conducted the institute last year and made a splendid impression on teachers and laymen alike.

The session this week gives every promise of being the best ever heard.

The ticket named will be a winning one.

"Make Good" at Lewisport.

Clover Dramatic Club of Clover Lodge No. 42, A. O. U. W., made good with their play, "A Noble Ontario," at Lewisport Saturday night.

The play was well received by a very good house and was a financial success. It was given for the benefit of Clover Lodge.

Those who took part in the play were: Misses Agnew, Carrie Tucker and Josie Berry and Mowers, Jimi Nebenher, Edmund Wroe, Wm. Wilson and Geo. Wendelein. The play was successfully presented here for the first time on June 1. No further engagements have been made by the club.

Will Locate at Pine Bluff.

Bryne Severs will leave Thursday for Pine Bluff, Ark., where he will accept a position with D. S. Mills & Company, druggists. He has resigned his position with H. O. Harley, manufacturing pharmacist, at Louisville, for the position at Pine, "In

order to have a more lucrative." He was born here from Long, several days ago, his parents, Mr. and Mrs. D. H. Severs.

Mrs. Severs has the well-wishes of many friends here for success in his new position.

Will Conduct Tent Meeting.

A Baptist tent meeting, which will be conducted by Rev. J. T. Lewis of Irvington, will begin at Tucker's schoolhouse, on the Cloverport and Stephensport road, on Sunday, July 2. This meeting was provided for at the last Fifth Sunday ministers' meeting of the Breckenridge Association of Baptists.

Performance Please Audience.

The performance given here Monday evening on Swallow and Smirk's floating palace was by far the best river show of the season, and pleased the audience. The orchestra was exceptionally good and the chorus, some fourteen in number, was the largest ever seen here on a river show. The audience was large, despite the inclement weather.

Supper Was Complete Success.

The supper given by the Ladies' Aid of Euron Baptist church, on last Saturday afternoon and night, was a complete success. Net proceeds \$50.76.

They desire to extend thanks for the kind assistance given by friends, and highly appreciate the presence of a number of ministers of the gospel.

Has Good Potential.

David Meyer was at home last week to visit his father and mother, Mr. and Mrs. Mitch Meyer, at Owensboro. He has a good position with the Thorpe Medicine Co., of Chattanooga. His territory is in North Carolina.

"Send for 'How to Cure Every Illness.'

The Breckenridge News.

WEDNESDAY, June 26, 1903.

Minister Bowen Disgraced; Secretary Loomis Acquitted.

Washington, June 26.—The dismissal of Herbert W. Bowen, for some years United States minister to Venezuela, and the exoneration of Assistant Secretary of State Francis R. Loomis of the allegations brought against him by Mr. Bowen are the outcome of the Bowen-Loomis controversy which has attracted wide attention for many months past. This disposition of the case is made by President Roosevelt in a letter addressed to Secretary Taft made public to-night, approving Mr. Taft's report of his findings and conclusions in the case.

The president scathingly arraigned Mr. Bowen, declaring that his conduct "is especially reprehensible."

Mr. Bowen said one of his witnesses to enter the employ of a certain company for the purpose, "in plain words, of stealing documents which he hoped might incriminate Mr. Loomis, and that Mr. Bowen has evidently, for many months, indeed for the last two years, devoted his time to hunting up scandal and gossip until it became a monomania and caused him to show complete disloyalty to the country he represented."

The president says he had hoped to promote Mr. Bowen, as during much of his service he had done good work, but that his "unfitness in the department" was not an end.

The president says he would direct that Mr. Bowen's resignation be requested, but for the fact that he would consider a resignation an admission of misconduct, and his dismission is ordered.

The president states that it appears Mr. Bowen, while minister, secured the publication of an attack on Mr. Loomis and furnished to the press documents pending before the state department for approval and that his explanation is inexcusable and shows his "entire unfitness" for the service.

Even if Mr. Loomis had been guilty, says the president, Mr. Bowen's conduct would be unpardonable. The later quoted certain correspondence and testimony. The report of Secretary Taft on the case on which the president's action is based, is a voluminous document, reviewing the evidence taken.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. [Guaranteed at Short & Haynes, drug store, price \$1.00 and \$1.00 a bottle. Trial bottle free.

Roosevelt, Peacemaker.

(The Commoner.)

"Blessed are the peacemakers"—and all Americans should rejoice that it was an American president who proposed peace to Russia and Japan. It is sad to think that any international dispute can reach a point where bloodshed is demanded by either side, but it is gratifying that reason has at last been restored—its temporary dethronement was followed by an awful sacrifice.

President Roosevelt deserves credit for seizing upon an early moment to tender the good offices of the nation and it is fortunate that our country's attitude toward both of the belligerents is so friendly as to make it proper for us to take the initiative. It is to be hoped that the negotiations will be conducted in such a spirit of fairness as to make the peace a permanent one. In the meantime, the people of Russia are likely to find the time ripe for carrying out their reform program if the war embarks them in the same grain of constitutional government the nation will gain rather than lose by Japan's victory, whatever the terms agreed upon by the peace commissioners.

Eleven Persons Killed on Lake Shore Flyer.

Mount, O., June 21.—Running at the rate of fifty or sixty miles an hour, the Twentieth Century Limited on the Lake Shore railroad, dashed into an open switch at the passenger station here shortly before 10 o'clock tonight. Eleven persons were killed and eight injured. The combination baggage and smoking buffet car and the coach behind it caught fire and were destroyed.

The train was east bound, leaving Cleveland about 9 o'clock, and as it does not stop here, it was running at great speed. The engineer did not notice the open switch until the train struck it. The engine left the rails and plowed into the ground, tearing

up the track for yards. The two coaches following it jammed into it with great force and were crushed, the fire from the engines setting them ablaze. Fortunately most of the occupants of these two coaches were rescued before the fire reached them.

Among the killed is the engineer, the other dead being the passengers who were in the smoking car. The man was severely hurt but he will die, and among the injured is Mr. Bennett, of New York.

Cuban Diarrhea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little effect than to much water. Cuban diarrhea is almost as severe and dangerous a malady of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate of Mrs. Minnie Clancy of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhea Remedy cured my husband of a severe attack of Cuban diarrhea which we brought from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by Short & Hayes.

El Walker Fined \$5 And Costs.

Judge Wiles ruled back in his justic chair Friday morning and handed out "Bring him in." Marshal Deffenbaugh turned the latch and the big iron door opened and El Walker, charged with disturbing the peace of Africa, walked out and takes a seat.

The witness were called up and swor in. Each of them was particularly innocent of having done anything but Judge Wiles called them on a little and a whole volume of staff came forth. One of the star-witnesses said: "Now, sir, Judge, I never seen nothin' like it. I laying there on the ground by the church heard a nigger say 'He's dead,' and just 'fore I heard a brick hit somethin', but, now, sir, Judge, I ain't see nothin' tall. Don't ax me no more things."

All the witnesses were heard and Judge Wiles said, "\$5 and costs for disturbing peace." It seems that El wasn't doing anything but having a fight with his wife which was the outcome of a heated religious discussion.

No Secret About it.

It is no secret that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Buck-
en's Aronica Salve. "It didn't take long to cure a bad sore I had, and it is all O.K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25¢ at Short & Hayes' drug store.

Geological Field Work.

During the summer of 1903 members of the geological, topographic, and hydrographic corps of the United States Geological Survey will be at work in 41 States and 5 Territories.

Mr. C. W. Hayes will have general supervision of field and office work of the division of geology and paleontology, but the investigations in paleontology and stratigraphy will be specially supervised by Mr. T. W. Stanton, those in petrology by Mr. Whitman and those in mineralogy by Mr. D. C. Jackson. The work of the survey depends largely on the services of Mr. S. F. Emmons, known in physiographic and glacial geology by Mr. G. K. Gilbert, those of pre-cambrian and metamorphic by Mr. C. R. Van Hise.

The work to be done in Kentucky is follows:

Detailed aerial and economic surveys

will be made in the Kenova quadrangle by Messrs. G. H. Asbury and W. C. Phalen, under the supervision of Mr. M. R. Campbell. Investigation of paleontology and stratigraphy will be made in this same area by Mr. David White. The geology, topography and waters and mineral resources of the Mississippi embayment in Kentucky will be investigated by Messrs. Eissell and Crider.

The Louisville, Prospect, Riverview,

Georgetown, and Morganfield quadrangles will be mapped under the supervision of Mr. C. E. Cooke, assisted by Messrs. J. S. B. Daingerfield and L. S. Smith, in cooperation with the State of Kentucky.

Hydro-economic investigations will be conducted by Mr. S. J. Lewis and streams will be measured by Messrs. Meeks and Clapp.

Few Empty Dwelling Houses.

H. L. Newson rents something like thirty houses in town and has but two of them unoccupied. The James Goff property in the West End, in charge of Frank Fraize, is not occupied but with the exception of these three nearly every residence in town is taken. H. A. Elze wants renters for two of his business houses but all others are occupied.

Card of Thanks.

Mr. and Mrs. Thomas Byrte.

Tobacco Season Closed Friday.

The American Tobacco Company closed their season here Friday and will receive no more tobacco until next fall. All the crop brought by this company have been delivered, with the exception of a few small ones. J. D. Braeher, the manager, went to Louisville Saturday to spend the summer with his family. This is the close of his twelfth year here for West Point.

Peterson & Chapman will probably receive tobacco at the Face factory for a week or more yet.

Longest Day of Year.

Last Wednesday was the longest day of the year, the sun having reached its summer solstice. It rose about 4:20 o'clock and set about 7:00 o'clock. The shortening of Thursday and Friday was slight, but day after day it will be more and more noticeable until December 21, the winter solstice, when the day is shortest.

The Seventeen-Year Locust.

Mr. E. C. Creager, of near Smith's Mill, who is good authority on the history of the seventeen-year locusts, informs *The Mirror* that these pestiferous insects will not make their appearance this year, although the entomologists have predicted that they would give the longest year here for a number of years, 1880 and 1881 and subsequently they will appear until 1912. His experience is that the locusts are gradually degenerating, and that the number next year will be small and the injury which they will do will hardly be perceptible.—Elizabethown Mirror.

Mariated at Seattle, Wash.

News has been received here of the marriage of Miss Leona Hawkins, formerly of this city, to C. R. Denend of Seattle, Wash., at the residence of Mr. and Mrs. W. A. Tinney, formerly of this county, at Seattle. A friend of the contracting parties sends the news the following account of the wedding.

"At the residence of W. A. Tinney, 115 Twenty-ninth avenue, North, C. R. Denend and Miss Leona Hawkins were united in marriage at 3 o'clock, Rev. T. P. Revelle performed a beautiful and impressive ceremony. Leon Hawkins was one of Breckenridge county's 12s and left her native home last October, in company with her brother and his family, to make Seattle their home. C. R. Denend has been a resident of Seattle about ten years. His former home was in Kansas. Mr. Denend is a very exemplary Christian gentleman and has had a position with the Seattle Electric Co. for quite a number of years."

Ohio River to be Surveyed.

Captain Harry Burgess, in charge of the Louisville office of United States Engineers, had been appointed to command and director of the corps of United States Engineers, which will

make the survey of the Ohio river, preparatory to a nine-foot stage, and \$3,000 has been placed to his credit by the war department, as a sum sufficient for the purpose of surveying the Ohio from the mouth of the Big Miami river to Calcutta.

Miss Babbage Gives House Party.

Miss A. Louise Babbage gave a house party to Miss Louise Kettner, Misses John Hull, Midland, Barrewell and Clinton Quin, all of Louisville, from Friday until Sunday. Miss Margaret Moorman entertained them at luncheon on Saturday, and Miss Ray Heyer entertained them informally on the same day. Mr. Orville Skillman had them with him on his yacht "Margarette" on Sunday afternoon.

"I Ain't Going to no Pinchoco."

A saw-mill man from the Pinchoco neighborhood was in town Friday trying to hire some negroes to go to his region and work for his company. The saw-mill man offered them good wages and plenty to eat with a place to sleep, but it seems that Pinchoco has a deadly charm for a Cleverport negro. The fellow was very desirous of securing the service of George Bates and offered him the most liberal terms, but George said: "Now, man, I ain't going to no Pinchoco. Em people won't let no nigger stay there."

George says that he is happy

"I Ain't Going to no Pinchoco."

A saw-mill man from the Pinchoco neighborhood was in town Friday trying to hire some negroes to go to his region and work for his company. The saw-mill man offered them good

wages and plenty to eat with a place to sleep, but it seems that Pinchoco has a deadly charm for a Cleverport negro. The fellow was very desirous of securing the service of George Bates and offered him the most liberal terms, but George said: "Now, man, I ain't going to no Pinchoco. Em people won't let no nigger stay there."

THOUGHTS.

"I wish to see in the average American citizen the development of the two sets of qualities, which we can roughly indicate as sweetness and strength—the qualities on the one hand, which will make the man able to hold his own, and those which, on the other hand, make him jealous of the rights of others just as much as for his own rights."—Theodore Roosevelt.

If you want to feel twenty years younger and get in touch with youth just give a house party.

NEXT Tuesday is the Fourth of July. But it is needless for us to remind you of that fact. Noble Pate has already done that. His barbecue at Hardinsburg on that day will be the greatest on earth. Noble believes in advertising and we see where he is right.

Dr. J. W. Gardner, of Madisonville, is visiting his mother, at Hardinsburg, this week. Dr. Gardner says the people of his town and community are very enthusiastic over the prospect for a railroad from their town to Cloverport. He says they think it is a sure-go-and that work will begin very soon. A Pennsylvania syndicate, he says, is back of it.

It is understood that the Republican committee, at their meeting Monday, indorse or recommended the following men for the various county offices: For representative, Hon. John P. Haswell, Jr.; for county judge, Morris Eskridge; for county court clerk, Hon. R. M. Jolly; for sheriff, Sherman Ball; for county attorney, Allen R. Kincheloe; for jailor, W. J. Hall; for superintendent public schools, Andrew Driskell. In this list there is only one regularly announced candidate, Mr. Hall of Rockvale. If the convention ratifies the action of the committee, these are up to the men as to whether they will accept. The gentlemen named will have a month, so will the voters. If the voters among the rank and file of the Republican party in the county have any good reasons why this ticket, suggested by the committee, should not be named, let them speak out now or forever hold their peace. If there are any other men in the county more competent, better qualified or in any way better suited for any of the offices it is your duty as a good citizen and a Republican to speak out. The Democrats have named their ticket. You know the men, you know what character of men they are and you know whether, as Republicans, you can vote for them. The Republican party in this county holds the balance of power. It is with them as to who will serve us the next four years. If men are nominated satisfactory to the whole party they can be elected. Any Republican who has a suggestion to make on the action of the committee should speak out now. We don't suppose any of the men named by the committee are running after the nomination. They know there is a hard fight ahead. They know what kind of a fight they have to make and they are not breaking their necks to get into it. They would like to know, we presume, before they go in whether they will have the united support of their party, and it is due them that they should. Our columns are open for any suggestions.

THE HOME AND THE SCHOOL.

The school should be an extension of the home. The same spirit should control both. Both should be conducted with an eye single to the permanent well-being of the children committed to their care; and that is, of course, almost solely a matter of character, in its broadest sense. Character comprehends, very broadly, body, mind and spirit. The old narrow, conventional view of the subject no longer prevails. It need hardly be said that the problem is essentially the same, too, whether the school be public, private or parochial, and remains the same through primary and secondary education—the student succeeding to the parent in the latter stages of training, with himself as his charge.

The national Daily Review is strongly of the opinion that the home should earnestly and constantly uphold the school. The parents should loyally support the school authorities, directors, superintendents, principals and teachers. The child at home should hear nothing but praise of the teacher. His administration should not be criticised, but should be praised for whatever good points it may possess. The excellence of the school and the value of its opportunities cannot be spoken of too often. The home in which the school and the teacher are always "popular" is very fortunate indeed. Enthusiasm for and about the school helps both the school and the home.

Not less than once each term, the parents, one or better both, should visit the school and get in touch with its work. The visit should be made quietly and unobtrusively, so as to be a help and not a hindrance to the teacher's work and the pupil's progress. The teacher should be given a word of appreciation and encouragement. Out of school hours, there should be frank and friendly conferences between parent and teacher. This brings the home and the school into vital and friendly relations.

You cannot do too much to advance the permanent interests of your children; and in no direction can you accomplish more for them or with less effort than by co-operating with their teachers.—Daily Review, Chicago.

Dollar Wheat in Hancock.

Hawesville, Ky., June 24. The farmers of this county held a great meeting in Hawesville today. The fixing of a price on wheat was the principal matter

discussed. It was agreed to hold for \$1 a bushel and to put none of the new crop in the mills.

A great deal of tobacco has been pooled here this week, many of the farmers going into the pool

Poland in Revolt.

Łódź, Russian Poland, June 26.—The Governor General has proclaimed a state of siege at Łódź.

The victims of last week's outbreak total over 1,200. Thus far the bodies of 343 Jews and 215 Christians have been buried. The wounded number over 700.

Some semblance of order has been restored and the workmen are gradually returning to the factories.

FOUND.

Old Notice in Prominent Southern Paper of Interest to Cloverport Residents.

One of the best known newspapers in the South is the "Guide" of Dunn, N. C. Its publisher, J. P. Pitman, sends us the clipping with request to publish:

"Found.—by the editor of the Guide, a bottle of Hyomei, the wonderful treatment that cures catarrh without stomach dosing. We can speak in highest praise of its remarkable power to cure and relieve catarrh of the head and throat. This mention is made not as an advertisement, but in the interest of those who suffer the torture of that terrible disease, catarrh."

In sending the clipping, Mr. Pitman wrote the following letter:

"I enclose a little piece from my paper, dated to-day, you will see from this that I desire to put the selling of Hyomei as far as possible. I am using it in my own family, and find that it gives the desired relief so that I take pleasure in spreading far and near the knowledge of this sure relief for catarrh."

Short & Hayes, in preparation for the editorial troubles of this season of the year, have ordered a large stock of Hyomei, and sell it under guarantee to refund the money if it does not relieve. The complete outfit costs but \$1, and extra bottles can be obtained for 50 cents. Ask them to show you the strong guarantee under which they sell it. This remarkable remedy mediates the air you breathe, soothing and healing the mucous membrane of the air passages, and making a complete cure of the worst case of catarrh.

THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

When Sickness Comes to the Little Ones
It Is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick.

Her sympathy is deeper than that of any other member of the family.

The mothers look forward with dread to the time when they will be thinking of their children and tiamen liabilities to disease that are before them.

Spring and summer are sure to bring ailments, especially among the little folks.

It does not take a mother very long to discover that Peruna is the best friend she has in times of illness among the children.

The doctor may come and go with their different theories and constant change of remedies.

The use of years ago gave entirely different remedies than he does today.

Each year finds some change in his prescriptions and in the drugs he relies upon.

A Multitude of Mothers

Have you ever thought that it is the same erg and that in all the ailments of spring and summer to which the children are subjected, Peruna is the remedy that will most quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel trouble, or cataract affection of the mucous membranes is the cause.

Peruna quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body.

It simple removes the cause of the disagreeable symptoms and restores the health.

Peruna is not a physical. Peruna is not a nervous nor a narcotic. Peruna does not produce any drug habit, however long it may be taken. Peruna is not a stimulant.

Peruna is a specific remedy for all catarhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Peruna has.

The Mothers Hold Peruna in High Esteem.

Not only because Peruna cured them of their various ailments, but because it always rescues the children from the throes and grasp of catarhal diseases.

We have in our files letters of testimonials from mothers whose children have been cured by Peruna. However, the large majority of mothers who use Peruna are vergerous friends.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peruna, that they can't restrain their enthusiasm. They are anxious to share these benefits with other mothers.

The Benefit Which the Children of the United States Have Received From Peruna Can Never Be Put Into Words.

The chronic ailments it has prevented, the suffering it has mitigated, will never fully be recorded.

But at least this much can be said that the coming generation owes a great debt to Peruna, for it is the youth of youth that slight ailments are liable to develop into lasting disease, thus blighting the whole career of the individual.

The mothers who are bringing up their children today to benefit in Peruna doing a service for humanity.

The children brought up to believe in Peruna from the start, will, when they become heads of families themselves, use Peruna with unquestioning faith.

Peruna Protects the Entire Household.

As soon as a woman begins to appreciate every household, both as a preventive and cure, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of catarach will be prevented.

Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes:

"I cannot say enough for Peruna. It has done great work in my family, especially for my oldest son, Harry. We had used him with three or four different doctors and they did not seem to do him any good."

"We gave up hopes of cure, and so did they, but we pulled him through on Peruna."

"He had several doctors and they said they could do nothing for him, but that Peruna was the last resort, and that did the work. Since then we keep him in the house all the time, and no doctor is required." —Edward Otto.

No Doctor Required.

Mr. Howard Stern, 927 De Soto street, St. Paul, Minn., writes:

"One reason why Peruna has found permanent use in so many homes is that it contains no narcotic. It can be used length of time without acquiring any habit. Peruna does not produce temporary results. It is permanent in its effect."

It has no bad effect upon the system, and gradually eliminates catarach by removing the cause of catarach.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.
